The points for a single ladder (Level 1), run from 30pts down to 1pt, based on your finishing position.

If a single ladder reaches 20 participants, a second ladder will be created for all future entries to populate, this will promote the original ladder occupants to Level 2, 30pts are added to each position with each level up, so the more entries there are, the more points become available at the end of the season.

The top 5 Men & Ladies scores per Club go towards the Club Championship. As an individual, your finishing position points for Mens/Ladies are added to your Mixed points to give your Total, if you're in the top 5 from your Club, then this score counts towards your Club's Total.

Trophies will be awarded to the Winning Overall Points Scorer, Top Scoring Club, Mixed, Ladies & Mens Doubles Ladder Winners.
